HIRING: IoT Cloud Engineer

NÜWIEL is a Hamburg based company developing electric mobility solutions for city logistics. The company has been founded in 2016 with a vision to: **empower ANYONE to MOVE ANYTHING in the most sustainable, safe, and practical way**

Our award-winning product, eTrailer, is the world's first electric trailer for bikes with patent granted technology that enables automatic acceleration and braking with a millisecond-precision. The eTrailers can be used regardless of age, gender or driving skills.

Today the eTrailers are running in more than 6 countries and integrated in daily operations of the industry leaders such as UPS, IKEA, and Belgian Post. By 2030 the eTrailers will be saving 64M tons of CO2 emissions per year.

NÜWIEL brings together 36 talented individuals, 11 nationalities, and 1 dog. Be it a Christmas Day, Eid al Fitr, St. Lucia Day, or Lunar New Year, we celebrate all holidays, together as a team.

We are looking for a bright, aspiring, and talented Sales Representative to join us and become a part of our growing team.

YOUR MISSION

- Is to strengthen vehicle-to-cloud interconnection allowing tracking of telemetrics, OTA updates and real-time insights into our trailers in the field
- To setup, extend and maintain cloud services enabling predictive maintenance for our trailers and deliver KPIs to our maintenance team
- Create services and automated reports to support our customer's decision-making

YOU BRING

- Bachelor's or master's degree in information technology, computer engineering or a related field
- 3+ years of experience in software development
- Firm with microservices, data pipelines, containerization and database management in the cloud
- Knowledge of commonly used protocols and programming languages to implement cloud services
- Have a strong hands-on mentality and a passion for sustainable technology
- Excellent written and verbal communication skills
- Fluent in English and/ or German

WE OFFER

- Brand new modern office, prototyping lab, and production facilities in central area of Hamburg with proximity to supermarkets, restaurants, cafés
- Immense learning and high level of responsibility from day 1
- Support in personal and professional growth through training, expert mentoring and coaching
- International team and dynamic startup environmental
- Flexible work hours and home-office possibility
- Direct contribution to climate change and better environment
